

PRESS RELEASE – 10 JULY 2018

KSH selected as the engineering services partner for Green Bay Packaging's new state-of-the-art paper mill in Green Bay, Wisconsin.

KSH Solutions Inc. has been selected as the engineering partner for the construction of a new paper mill facility announced by Green Bay Packaging in Wisconsin. KSH will provide detailed engineering, procurement, and field engineering services to the design/build contractor for the project, Miron Construction Co. Inc.

The over \$500 million investment will include a new state-of-the-art paper machine and recycled fiber (OCC and MOW) processing plant, as well as the related utilities and infrastructure required for the new facility to be built at the Green Bay Paper Mill site, in Green Bay, Wisconsin. The new facility is expected to be operational in Q1/2021, and will produce high quality packaging grade papers with an estimated annual capacity of 685,000 tons.

Green Bay Packaging Inc. is a family-owned, vertically integrated company consisting of corrugated container plants, folding cartons, recycled and virgin linerboard mills, pressure-sensitive label rollstock, specialty converting operations, timberlands, and a sawmill facility.

“KSH is extremely proud to be selected as the engineering partner for this important and strategic investment by Green Bay Packaging. The new mill will incorporate technology that will allow Green Bay Packaging to continue to be a leader in producing environmentally friendly, high quality packaging products cost effectively”, says Martin Pereira, President of KSH Solutions Inc.

About KSH

Founded in 1923, KSH Solutions Inc. is a consulting, engineering, and EPCM services company.
